DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 48-51 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. These claims depend on canceled claim 45.

Allowable Subject Matter

Claims 44, 46, 47 and 52-63 are allowed.

The following is an examiner's statement of reasons for allowance: the Applicants' arguments in the paper of 3/19/09 are persuasive.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

In response to this action the Examiner requests that the withdrawn claims, 64-93 be canceled so that case can issue if the dependency rejection is overcome.
